- We are always looking for photos of your installation to improve our guides, if you would like to share the setup on your bike please send your installation pics to technical@scottoiler.com.

---

1. Go to vSystem Installation
2. Go to xSystem Installation
3. Go to eSystem Installation

---

vSystem Installation

System Compatibility

The vSystem is incompatible due to this being an electric bike.

xSystem Installation

System Compatibility

The xSystem is incompatible due to it needing a constant power source for normal operation. On a switched live source the xSystem would need to be manually switched on every time you switch on the bike.

eSystem Installation

Information Title

The eSystem v3.1 is the correct model for this bike.

You need to take the power feed from the USB charging port, see pictures below.
