# Ego (2016 - 2024)

## Product Compatibility

- eSystem
- Traveller Expansion Bag
- Dual Injector
- Scorpion Dual Injector

- Magnum HCR
- vSystem
- xSystem

We are always looking for photos of your installation to improve our guides, if you would like to share the setup on your bike please send your installation pics to technical@scottoiler.com.

---

1. Go to vSystem Installation
2. Go to xSystem Installation
3. Go to eSystem Installation

---

## vSystem Installation

**vSystem not compatible with this model**

**Unfortunately we have not found a way of installing a Scottoiler vSystem on this model**. Either no vacuum connection is available or accessing the vacuum connection takes professional help and a lot of time. For the moment we can only recommend fitting our electronic operated Scottoiler eSystem or xSystem instead.

---

## xSystem Installation

**PLEASE NOTE: Xsystem Not Compatible**

---

# eSystem Installation

## General eSystem guide

The eSystem chain oiler is really easy to install and can be mounted on your bike in less than 1 hour. The installation consists of the three simple steps:

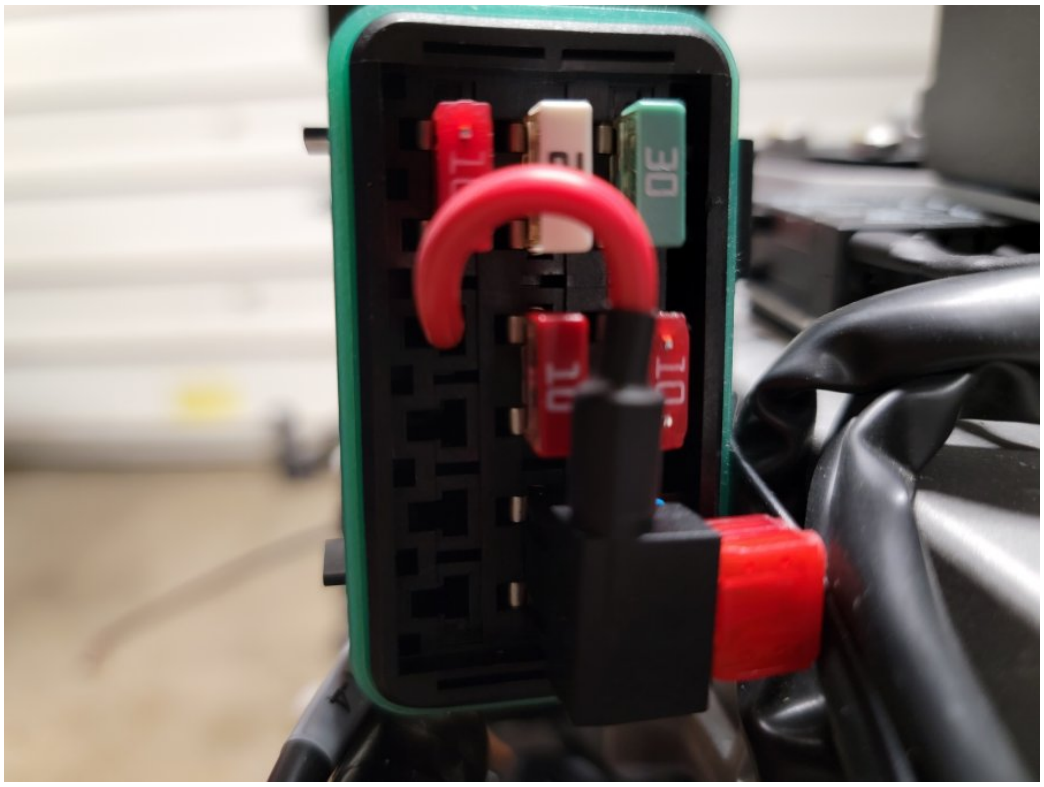

- Mount the display on your handlebars
- Connect the display and reservoir to your battery
- Attach the dispenser and route the delivery tubing to the reservoir

For an example of the installation see our eSystem v3.1 Fitting Instructions.

If you have our system installed on this specific motorcycle model, we would appreciate if you could send us pictures. With more pictures we can make the Installation even easier for all motorcyclists. Please send us your feedback and photos to technical@scottoiler.com.

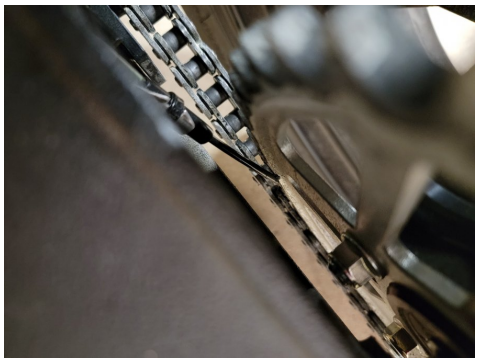

ENERGICA
Scottoiler
WARNING

**NOTE: Power supply can be taken from either accessory socket or feed from fused connection at fuse box.**
